Course Delivery

It is important that you are comfortable using the equipment so that you can react in time of an emergency. Please ask the trainer should you have any questions.

All students must take a written exam in order to be found competent. Written exams may take the form of short questions and a multiple-choice format. Alternate assessment methods may be used to aid LLN issues from time to time by the trainer.

Student assessment is a mechanism for ensuring the attainment and maintenance of academic standards. Each mode of assessment measures and confirms the standard of student performance in relation to explicit learning outcomes, and provides students with feedback on their performance.

Recognition of Prior Learning (RPL) is the acknowledgement of competencies students already possess. These might include skills and knowledge gained through previous studies, work and life experiences.

If you believe you may be able to apply for RPL before enrolling, speak directly with AWFA.

You will be guided through a process similar to the one below.

- Complete an RPL Application form.
- A trainer will contact you and will explain the process to you, talk through your work and life experiences, and help you with some ideas about the evidence you might need.
- Once ATS has received the required information from you, your application will be assessed.
- You will be informed of the outcome within ten working days of the date the school receives your application.
- You may be granted the units you applied for, asked for further information, asked to do further assessment tasks to cover any gaps, or a combination of these.
